Footnotes:

(1)

State Departments of Transportation were directed by the Federal Highway Administration to report the Federal Funds Received as the Award Amount. That same direction has been followed here to be consistent with what may be shown on recovery.gov. Since federal highway projects are funded on a reimbursement basis, a more accurate figure for Federal Funds Received is the Federal Funds Expended. This affects the Highway Planning and Construction report on p. 1 and the Totals on p. 5

(2)

All prime recipients (the Indiana state agencies shown above are deemed prime recipients) have been instructed to compute FTEs based on the number of hours worked and paid or to be paid with ARRA funds in the reporting quarter. Prior instructions were to compute FTEs when ARRA funds were actually spent and to report cumulatively for each successive quarter.
